Abstract (en)

[origin: US2013002532A1] Provided herein is a technique by which content may be shared with a remote user. An example method may include providing for display of content on a first device, synchronizing content between the first device and a second device, providing for display of an image captured by the second device on the first device, and providing for presentation of audio captured by the second device by the first device. The content may include an image of a page of a book. Synchronizing content between the first device and the second device may include directing advancing of a page on the second device in response to receiving an input directing the advancing of a page on the first device. Providing for display of an image captured by the second device on the first device may include providing for display of a video captured by the second device on the first device.
