Abstract (en)

[origin: WO2011120692A2] A method for producing a horizontally drilled bore hole in the ground comprises the following steps: producing a pit having a circular cross-section; lowering a horizontal drilling device into the pit, the horizontal drilling device having a circular cross-section in at least part of the section in which it is positioned once it is lowered into the pit; and producing a horizontally drilled bore hole using the horizontal drilling device.
