Abstract (en)  
[origin: EP2746129A1] The plug connection unit (1) has variety of fixed contacts (3,4) that are connected with a support (5). The contacts are arranged to the left and right of a central axis (19). The support and conductor are electrically connected by the contacts in redundancy. The sleeve element is provided with a contact element. The support is provided with a temperature sensor and/or moisture sensor. The amplifiers and/or controller are mounted on the support.
