Abstract (en)
[origin: EP2746142A1] The throttle grip has a guide tube (7) for passage of cables of steering wheel end turn signals. A receiving socket (5) has a center cable guide hole and an outer thread (14) for screwing the receiving socket having an internal thread (15) in the main portion (1). A cable tensioner is provided for setting of two Bowden cables. An end portion (2) for fixing of guide tube is located at the front portion of main portion. The Bowden cable bushings (17) and a counterbore (16) are provided for aligning and fixing the end portion in the main portion.
