Abstract (en)
[origin: EP2754633A2] The object of the invention is an arrangement in an elevator hoistway (2), in which elevator hoistway (2) is at least an elevator car (1) disposed movably on guide rails (4), and which arrangement comprises a template (12) that is to be disposed on the base of the elevator hoistway (2) in connection with installation of the elevator and that is provided with markings (13-17) of the placement locations of components of the elevator. The template (12) with its markings (13-17) is arranged to form at its point a wear surface of the floor of the elevator hoistway (2) of the installed elevator.
