Abstract (en)  
[origin: EP2754751A2] The device (15) comprises concrete installation portion (30) having a bottom surface (32) and side surfaces (34,36) between which an installation space (40) is formed. The top side of installation portion is covered with platform panel (14). The installation portion is accessed via opening formed in platform panel. An independent claim is included for a method of installing a platform.
