Abstract (en)

[origin: CA2849036A1] The invention relates to a method for producing a dispersion and to the use of a protein hydrolysate as a dispersant or dispersing agent. In particular, the invention relates to a method for producing a suspension and to the use of a protein hydrolysate as a dispersant in a suspension. According to the invention, in particular hydrolysates of proteins having a consecutive sequence of amino acids having polar and non-polar side groups are used as dispersants.
