Abstract (en)

[origin: WO2013041319A1] The present invention relates to a multi-layered structure form (1) for use as printing blanket or printing plate for relief printing, in particular flexo printing, comprising a first layer (10) having a vulcanizate on the basis of at least one elastomer, and at least an additional layer (30, 40). The first layer (10) can be stripped off (strippable) from the additional layer (30, 40).
