Abstract (en)
[origin: WO2013049176A2] In one form, a security handbag is provided that includes an interior security panel assembly with a matrix of wires secured between a pair of material layers. The interior security panel assembly can be positioned intermediate the bag outside wall and a lining of the bag. A strap with security cable and a carabineer attachment device can be attached to the handbag. Methods for forming such security panel assemblies are also provided.
