Abstract (en)  
[origin: EP2574658A1] The invention relates to an arrangement 20 for handling a plurality of containers, in particular cell culture flasks and/or multiwell plates, that are arranged on at least one rack within an inner space 22 of an incubator 21, the arrangement 20 comprising at least one element for interacting with the rack and at least one member for manipulating at least one of the containers. According to the invention, the arrangement 20 is a mobile unit that is compatible with a plurality of different types of incubators 21.
