Abstract (en)

The pivot hinge fitting for a roof window has a frame hinge part (100) for fastening to a frame of the roof window and include guide means, and a sash hinge part (200) for fastening to a sash of the roof window includes a slide rail to cooperate with the guide means of the frame hinge part. An additional set of engagement means (150, 250) is provided on the frame hinge part and the sash hinge part to pull the frame hinge part and the sash hinge part together. The sash hinge part (200) comprises a base plate (201) and the additional set of engagement means comprises a first engagement element (250) connected to the base plate of the sash hinge part.
