Abstract (en)

[origin: WO2013053843A1] The invention relates to a contact element (1), comprising an insulation displacement contact (2) and a contact leg (6) for forming an isolating contact (9), wherein the plane (E5) of the contact leg (6) is at an acute angle to the plane (E1) of the insulation displacement contact (2), wherein the insulation displacement contact (2) is connected via a support point (4) and a connecting web (5) to the contact leg (6), a twisted web (3) being arranged between the insulation displacement contact (2) and the support point (4); the invention also relates to a distributor strip (20) having such contact elements (1).
