Abstract (en)

[origin: US2013091736A1] A shoe assembly and decorative shoe accessories for attachment to various parts of a shoe are disclosed. The decorative shoe accessories comprise a substantially U or C-shaped heel cover, the heel cover having first and second front ends and a back end. The heel cover has an inside surface and an outside surface, wherein when the heel cover is slipped over a heel of the shoe tension created when the first and second front ends are moved away from each other holds the heel cover in place over at least part of the heel. The outer surface of the heel cover has a decorative pattern. The decorative shoe accessories also comprise a toe box cover having a top surface and a bottom surface.
