Abstract (en)

[origin: WO2013056292A1] The invention relates to a method for printing an image (1) having matt areas (2) and glossy areas (3), in which an ink is applied by means of the ink jet printing method in the matt areas (2) and is cured immediately thereafter, whereas in the glossy areas (3) a curing of the ink immediately following the application thereof is omitted. The invention further relates to an ink jet printer (40..44) for carrying out the said method and to the control system (11) thereof.
