Abstract (en)

[origin: WO2013061061A1] The present invention relates to paint, for use in the decoration of food, for example, for use in cake decoration. Specifically the invention relates to metallic aqueous paints, including edible paints, comprising a pearlescent pigment, an acidity regulator, an emulsifier and a starch and optionally comprising a preservative and/or a coloured pigment. The invention further relates to processes for the manufacture of said paints and processes for decorating a food product, such as a cake, using said paint. The invention further comprises food products decorated with said paint.
