Abstract (en)

[origin: EP2777470A2] The housing (1) has a base module (2), side walls, a rear wall and a front wall (3). The front wall for frameless construction of the housing at its lower transverse side (4) has two bearing points (5,6) provided on surfaces (7,8) of the base module. The support points are made with two canted sheet metal tabs (10). The support points for connection to corresponding surfaces of base module consist of plastic elements that are attached to the front wall for forming an attachable profile (11).
