Abstract (en)

[origin: EP2778428A2] The connection assembly has a fan wheel and a shaft (18) for driving the fan wheel. The shaft has a screw thread which is screwed into the corresponding screw thread of the fan wheel. A shoulder subsequent to the screw thread of shaft is engaged in a corresponding shoulder of the fan wheel. The radial portions of the shoulder and the corresponding shoulder of fan wheel are in axial engagement with each other. An independent claim is included for vapor fume hood.
