Abstract (en)

[origin: WO2013079561A1] The invention relates to a household electrical appliance (1), and in particular a washer (1) or a dryer (1), comprising a rotatable drum (2) inside a tub (3) housed in a housing (4), having a loading opening (5) that is closable by means of a loading door (6). The appliance (1) is characterized in that in the closed position, the door (6) closes the opening (5), the door (6) is firmly coupled to the tub (3) or housing (4) by magnetic attraction by means of a magnetic assembly comprising at least one magnetic element and optionally at least one ferromagnetic part (15).
