Abstract (en)

[origin: WO2013098039A1] The present invention relates to a digital broadcast receiving device (1) comprising at least one receiver (2) providing the broadcast to be received and a recording unit (3) providing the broadcast to be recorded in a storage unit. By means of the present invention, it is aimed to realize a digital broadcast receiving device (1) with a low energy cost and that can be operated in compliance with the energy tariff, and the control method thereof.
