Abstract (en)
[origin: WO2013103643A2] The present disclosure is directed to a composition having about 7.5% to about 11,0% PEG/PPG emulsifier, an at least one diluent, an at least one emollient, and < 25 weight % water, wherein the composition deviates from an initial configuration after application of about 0.5 to about 5 kPa of pressure on the composition and returns to the initial configuration in less than about 4 hours at room temperature.
