Abstract (en)
[origin: WO2013120482A1] The invention relates to a device for storing ammunition boxes, having a storage space for the positionally secured accommodation of an ammunition box of a first type, having at least one alternative storage space (4) for the positionally secured accommodation of an ammunition box (5) of a second type, wherein the storage space (2) and the alternative storage space (4) at least partly overlap and either the storage space (2) or the alternative storage space (4) can be used as desired. The invention further relates to a vehicle, in particular a military vehicle, having such a device.
