Abstract (en)
[origin: WO2013013333A1] The invention relates to a tender support (1) which is hollow and which comprises an unfoldable V shaped support (6), and said V-shaped support being used as a parking aid for a tender (9). The invention also relates to additional technical means (12,12a,12b,13,16,26,27,36,38,43,47) and general storage means which can be stowed and to the tender support (1) used without the tender (9), using the back (3) as a seating platform and as an enlarged platform surface or lying aid.
