Abstract (en)

A cycling suit (1) comprising a plurality of fabric panels which are associated along structural seam lines, the suit comprising left and right leg portions (2), wherein each one of said left and right leg portions is made of a single fabric panel (3), said panel having two curvilinear opposite sides (5, 6) and being folded until said opposite sides meet each other, forming a curvilinear and substantially S-shaped seam line (4) in the rear part of the leg portion (2), and wherein said seam is the only seam of the respective leg portion of the suit.
