Abstract (en)
Provided is a multifunction adaptor comprising an adaptor base 100 which is connected to a standard pole 500 and includes an electronic equipment for a LED luminaire 610; an adaptor middle part 200 which is connected to the adaptor base 100 and prevents the heat interference between the LED luminaire 610 and the electronic equipment; and an adaptor bracket 300 of which one side is connected to an arm part 600 connected to the LED luminaire 610, and the other side is connected to the adaptor middle part 200 in order to control the angle of the LED luminaire 610.
