Abstract (en)

A transparent atomizer, including a cigarette holder assembly, a transparent tube assembly, an atomizer assembly, and a heating wire base. The atomizer assembly and the heating wire base are fixed via a screw thread. A bottom of the atomizer assembly is provided with a pair of heating wires. The cigarette holder assembly comprises a plastic long cigarette holder and a long sealing ring. The transparent tube assembly comprises an external transparent tube, an upper ring for fixing the cigarette holder, and a steel tube base. A fixing base is disposed at the lower part of the transparent tube. The pair of heating wires is disposed in the cigarette holder, and so the smoke is large, the taste is pure, and no oil leaks into the mouth.
