Abstract (en)
[origin: WO2013144159A2] The invention specifies a wallpapering brush. The wallpapering brush comprises a brush shoe (4) having a first end (1), having a second end (2), located opposite the first end (1), and having a grip part (3), which is at a smaller minimal distance from the first end (1) than from the second end (2), and also comprises a brush part (6) connected to the brush shoe (4) on the underside (5) of the latter, wherein the second end (2), as seen in a normal direction of the underside (5), has a smaller extent than the first end (1). Also specified are a container for accommodating the wallpapering brush and an associated wallpapering set.
