Abstract (en)

[origin: WO2013164130A1] The invention relates to a method for producing a spark plug (1), comprising the following steps in the given order: - providing a spark plug housing (2) that has a cylindrical section (7), - attaching a sealing element (11) onto said section (7) and - forming a screw thread (8) on the section (7) by means of a forming process, - an inner diameter (12) of the sealing element (11) being smaller than a nominal diameter (13) of said screw thread (8).
