Abstract (en)
[origin: EP2848155A1] A container of single-dose cosmetic products comprising an external vessel formed by a hollow body and a closure adapted to isolate an internal cavity thereof; a plurality of single-dose containers containing a cosmetic product, housed in the cavity of the hollow body, each single-dose container being separately sealed; the external vessel has a housing adapted to constrain, in a use position, a single single-dose container.
