Abstract (en)
A glazing element (31, 32), intended for balcony or terrace glazing or as an indoor space divider, which glazing element is suspended on a guideway (21, 22) of a rail (10) located above the glazing element. The wheel (33, 34) or roller of the glazing element is affixed in a hole created in the glass pane by means of a screw (37) that forms an axle and by means of a threaded counterpiece (36). In conjunction with the screw (37), there is a rotatable eccentric bush (35) for adjusting the position of the wheel or roller.
