Abstract (en)  
The invention provides a pair of pushup jeans and a production process. The pushup jeans comprise jeans and fusible interlining (1), each leg of the jeans comprises a front panel (2) and a back panel (3), a back panel fusible interlining is disposed on the back panel (3) and adhered outside of a hip position; a front panel fusible interlining is disposed on the inside of the front panel (2) and opposite to the back panel fusible interlining; the fusible interlining (1) has an arc-shaped portion (4), and the arc-shaped portion is recessed downwards. The outer edge of the fusible interlining is aligned with the outer edges of the front panel and back panel. The distance between the position extending 2-15cm downwards from the crotch (6) and the lower edge of the waistband (5) is the length of the fusible interlining.
