Abstract (en)  
[origin: WO2014064619A1] Described is a packaging (10) for a product (11), in particular a food product, preferably in the form of a pressed stock cube or the like, comprising a wrapper (13) for wrapping the product (11) made from a sheet of respective material, in particular a film of plastic material, such as polypropylene or the like. The packaging comprises means (15) of opening the wrapper (11) having respective means for gripping with the fingers of the user, formed, or constituted, by the sheet (13) forming the wrapper.
