Abstract (en)

[origin: WO2014080128A1] The invention relates to a protective collar (1) that can be used during a hair cut, characterised in that it comprises a silicon band (4) long enough to reach once fully around the neck (2) of a user (3), and means (8) for securing a longitudinal end of said band (4) to an opposite end (12) of the same band.
