Abstract (en)
A trimmer (10) is provided. The trimmer includes an infeed (12) for transporting a sheet material article at a first speed, a trimming station transporter (46) for decelerating the sheet material article for trimming by a trimming device (52), and a decelerator (14) between the infeed and the trimming station transporter. The decelerator forms a deceleration nip (32) for transferring the sheet material article from the infeed to the trimming station transporter. A method of operating a trimmer (10) is also provided.
