Abstract (en)  
[origin: WO2014114483A1] The invention relates to a switching arrangement comprising a first contact set (3) and a second contact set (4) which can be moved with respect to the first contact set (3), and an insulating nozzle arrangement (12). The insulating nozzle arrangement (12) is supported on the first contact set (3) which comprises a first arcing contact piece (15). Said first arcing contact piece (15) can be moved with respect to the insulating nozzle arrangement (12).
