Abstract (en)
[origin: WO2014114245A1] The present invention provides an inner pot and an electric rice cooker having the inner pot. Wherein, the inner pot has a cooking chamber (30) inside and comprises an iron layer (10) and a stainless layer (20), with a fracture face (11) of the iron layer (10) being wrapped by the stainless layer (20). The inner pot according to the present application effectively solves the problem that the fracture face of the iron layer of the inner pot in the prior art rusts easily.
