Abstract (en)
  A panel (101) for a demountable partition system, comprising two opposite faces (102, 201), first and second side faces (103, 105) at first and second panel ends (104, 106), and a top face (107). A first panel side face (103) is provided with a first part (110) of a first two-part fastener and the second panel side face (105) is provided with the corresponding second part (111). The panel top face (107) is provided with a first part (112) of a second two-part fastener located towards one panel end (103), and with the corresponding second part (113) towards the other panel end (104). The first and second parts (110, 111) of the first two-part fastener are arranged to fasten between adjacent panels (101), and the first and second parts (112, 113) of the second two-part fastener are arranged to fasten across the tops of adjacent panels (101).
