Abstract (en)

[origin: WO2014131952A1] The invention relates to a condom wrapper, including a casing (1) and a film (4) sealing said casing (1) comprising a cover (2) and an attachment (6) for attaching said cover (2) onto said casing (1) such as to be rotatably movable, and a fastener for fastening said film (4) under said cover (2) such that rotating said cover (2) relative to said casing (1) results in the removal of said film (4), thus opening the casing (1).
