Abstract (en)

[origin: WO2014131988A1] Profile section (1) for creating a false-ceiling or false-wall slab, the profile section (1) comprising: a substantially rectangular base (4) comprising an upper wall (5) and a lower wall (6) which are opposite each other and connected by an external wall (7) and an internal wall (8) that are opposite one another; a lateral wall (14) which projects from the base (4) substantially in the continuation of the external wall (7), this lateral wall having an external face (15) and an internal face (16) which are opposite each other; in which the profile section (1) comprises a rebate (18) where the internal face (16) of the lateral wall (14) meets the lower wall (6) of the base (4), this rebate having an internal edge (19) substantially perpendicular to the bottom wall (6) of the base (4).
