Abstract (en)
[origin: WO2014139943A1] The present invention relates to eyelash structures, kits comprising said eyelash structures and methods for preparing the same. The eyelash structures of the invention comprise at least two eyelash units, which optionally differ in terms of design, material, length and curvature, are connected in a cascading fashion. The invention further provides a kit comprising said eyelash structures, and optionally a glue. In addition, the invention relates to a method of manufacturing the eyelash structures of the invention.
