Abstract (en)
[origin: EP2975296A2] Planetary Gearbox based on Tilted Bevel Gears with Two Reduction Stages for Very High Gear Ratios, comprising an input shaft coaxial with the output shaft, connected with each other by a train of gears to reduce the transmission ratio, characterized in that it is composed of bevel gears suitably arranged for minimizing space requirements and maximizing the performance. The planetary Gearbox based on Tilted Bevel Gears is called as Nugear.
