Abstract (en)  
An assembly system, by means of wall-brackets (27, 28) hooked to respective plates (25, 26), of a wall- cupboard (22, 23) to a supporting structure consisting of two walls (20, 21): a first rear load-bearing wall (20) and a second front wall (21), interspaced with respect to said first wall (20) so as to form an interspace (24), characterized in that rigid connection elements (C) are housed in said interspace (24) between said first rear load-bearing wall (20) and said plates (25, 26) which are assembled outside said second front wall (21).
