Abstract (en)
[origin: CN204210930U] The utility model discloses a folding movable waterproof container. The container comprises a ground cloth paved on the sandbeach and stainless steel elastic steel bars which penetrate through the periphery of the ground cloth and can be mutually and reversely turned to folding circular storer, a downward waterproof cavity capable of filling water and holding a children is arranged in the center of the ground cloth and a waterproof coating is coated on the inner surface of the waterproof cavity. The folding movable waterproof container has the waterproof cavity capable of filling water. When the waterproof container is in use, a pit which is almost as big as the waterproof cavity is dug in the flat sandbeach in advance, the ground cloth is paved on the sandbeach, the waterproof cavity falls into the pitch and then the four corners of the waterproof cavity are fixed by stakes, and finally the child can sit in the waterproof cavity to play water in the waterproof cavity after the water is poured into the waterproof cavity. According to the folding movable waterproof container provided by the utility model, by the combination of the functions of a tent and water filling of the container, the container is an unprecedented new toy product in the sandbeach toy, and has the functions of folding, moving, convenience in taking and playing water.

Abstract (fr)
Dispositif (1) pour contenir un liquide comportant un contenant (4) étanche et pliable, est caractérisé en ce que : - le contenant (4) est souple, - le dispositif comporte une surface d'assise (3) solidaire de l'ensemble de la périphérie du contenant, - la surface d'assise (3) est dotée à sa périphérie extérieure, à l'opposé du contenant, de moyens rigides (5) formant un cadre, - le contenant (4) et la surface d'assise (3), y compris le cadre (5) de la surface d'assise, forment un ensemble pliable qui, en position pliée ou en position dépliée hors utilisation, est plat, l'ensemble présentant une surface réduite en position pliée.
