Abstract (en)
[origin: WO2016093710A1] The invention solves problem of the construction which would assure easy and safe transport and assembly as well as continuous tablet position regulation while maintaining stable position of these devices in all phases of assembly. Workshop trolley characterized in that the bearing wall (5) of the frame rack (Γ) is equipped with assembly segment (9) which has a rotating base (16) with gripping element (17), hinged arm (18) and shaped attachment (19) for a tablet (15), wherein bearing wall (5) ends with slanting bracket (6), which has photovoltaic cell (7) and LED lamp (8) lighting. Moreover it contains user personalization reader (10), power unit (11) and accumulators' pack (12).
