Abstract (en)
[origin: US2016168845A1] A ready-to-assemble house having sufficient strength includes a column member and wall members that are made of cardboard or heavy paper. A side end portion of the wall member is fixed to the column member. A side end portion of the wall member is fixed to a side end portion of the wall member. A side end portion of the wall member is fixed to a side end portion of the wall member. A side end portion and a side end portion of the wall member are respectively fixed to a side end portion of the wall member and the side end portion of the wall member. The column member is configured to become shaped as a rectangular column by being folded along folding lines.
