Abstract (en)
[origin: WO2015049217A2] The invention relates to a superstructure for a naval platform, comprising a plating (25) and a floor (20), the floor being applied to the plating and suitable for fixing to a deck (10) of the naval platform, said superstructure being characterised in that the floor (20) is detachably fixed to the plating (25) and suitable for fixing to said deck (10) independently from the plating (25) and at a distance therefrom.
