Abstract (en)
[origin: AU2016200631A1] A public transport vehicle with a panoramic view 5 The public transport vehicle includes a passenger zone (14) defined by walls (18, 20), each having an inner surface (20A) facing toward the passenger zone (14), and an outer surface (20B). The vehicle (10) includes image capture devices (30), arranged on the outer surface (20B) of one of the walls (18, 20), oriented to capture the images of an environment in which the vehicle (10) is traveling, image display devices housed in the 10 passenger zone (14), and connecting means between the image capture devices (30) and the display devices, such that each display device is able to display images captured by at least one of the image capture devices (30) arranged near said display device.
