Abstract (en)

[origin: WO2015070935A1] The invention relates to a metering dispenser for discharging pasty or viscous material, comprising a dispenser housing (1), a cartridge (4) accommodated therein, an applicator (6) and a pump unit (7). The metering dispenser according to the invention is provided with an actuating device which is formed by a push button (3), and wherein the pump unit is activated by pushing said push button into the housing in order to discharge the material.
