Abstract (en)

[origin: WO2017009317A1] The invention relates to a packaging for storing goods, in particular rod-shaped goods such as cigarettes and similar, comprising a front wall (12), a rear wall (14), and side walls (16, 18) joining the front and rear walls (12, 14), as well as a base construction (20) and a cover construction (22), wherein the cover construction (22) is linked to an end of the rear wall (14) facing the base construction (20). In addition, the front wall (12) has at least one engaging and viewing recess (26) formed on the edge on the end (24) facing away from the base construction (20), wherein, in the closed state of the packaging (10), the engaging and viewing recess (26) is at least partially covered by a front wall (28) of the cover construction (22). The invention also relates to a blank (110) for producing a packaging (10) for storing goods.
