Abstract (en)
[origin: WO2015150224A2] The invention relates to a packaging (1), comprising a container (10) and a plurality of portion packages (30) located in the container (10). A portion package (30) comprises a liquid cleaning agent (32) and a casing (31), which encloses the liquid cleaning agent (32). The container (10) has a bottom (11) having a bottom wall (12). The packaging (1) is characterized in that at least one thin point (40) having a bounding wall (42) is formed in the bottom wall (12), the wall thickness of which bounding wall is less than the wall thickness of the bottom wall (12), the thin point (40) having a collecting basin (41), which serves to hold leaked cleaning agent (32).
