Abstract (en)

[origin: WO2015165530A1] The present invention relates to an oven (1) comprising an inner case (2) defining a cooking/baking chamber (3), a heater unit, a door, an outer case (4) enclosing the inner case (2), a user-interface (5) and electrical components (6), a control panel (7) above the door, including the user-interface (5) and a ventilation unit (8) between the outer case (4) and an upper side of the inner case (2). The oven (1) of the present invention comprises a heat protective shield (9) arranged through an air-gap (10) above the ventilation unit (8).
